Dr Linder is a true genius my wife came to him after a bad breast aug with another surgeon. She is now finally happy! Which makes me happy and the results are flawless. They are truly a masterpiece! I wish we would have started with him from the beginning. I recommend all to him! He is worth the drive and we live in Napa! Thank you dr and staff

Posting for my wife because every time she tries to post it goes to the "Not Recommended" area due to Yelp's algorithms.

Dr. Stuart Linder is the best plastic surgeon! Not only is he a mastermind when it comes to cosmetic plastic surgery, his techniques for reconstructive plastic surgery are impeccable. This amazing man has changed my life after battling breast cancer, my body is now whole again and it is because of this incredible doctor. He took all I have been through and changed my life for the best. Adrianna and Dr. Linder held my hand through every process of the surgical experience. They made me feel secure, very well cared for and were available 24/7 for anything!

I'm a stage IV, ten year breast cancer survivor and happy to be living life. I sincerely appreciate Dr. Linder and his team never once making me have to think of my cancer (After a very thorough exam to insure my health), they treated me with such love and compassion, I felt like part of a team and not just a patient.

I could never say enough to how Dr. Linder's compassion, perfectionism, and knowledge make him the best surgeon, but also an incredible human being who I will consider my hero and family.

I'm posting a picture and wanted to say a bit more regarding the photo since it only allows for a sentence:

I'm a ten year stage IV cancer survivor who hasn't felt entirely whole for almost ten years. Grateful always to be alive and have continued good health. Dr. Linder is so compassionate, knowledgeable not only an expert in his field, but a pioneer in his techniques. I am practically scarless given the surgeries I have been through leading up to my mastectomy years ago. This photo is a few weeks after reconstructive surgery with Dr. Linder and I can wear a bathing suit. This may seem like nothing to many, but I fought cancer and Dr. Linder gave me myself back. The beauty inside was always there, and now I can look in the mirror and feel whole, elated and such appreciation for this amazing doctor who changed my life. It honestly brings me to tears to be alive and have my entire self back. Thank you to Dr. Linder and his team!

My Mommy Makeover which included a tummy tuck, breast lift and lipo. I received exceptional care from this excellent team. Thank you Dr. Linder & Adriana for your kindness, understanding and most importantly the support that I have received.

I am extremely happy and grateful being just 11 days post op. An amazingly ridiculous way to jump start my 2019!

I was referred by my daughter who had 2 tummy tucks after my grandsons were born. This is by far the best investment in myself that I could have possibly made. I would highly recommend Dr. Stuart Linder.

I traveled all the way from Dallas to have Dr. Linder do my breast revision 4 weeks ago. I consulted with local surgeons but Dr. Linder came highly recommended by my good friend who loved her implants and revision that he performed. After having our initial consultation via Facetime, I knew immediately I wanted to fly to Los Angeles for him to do my surgery.

I absolutely LOVE the way my breasts turned out. My original surgery was 11 years ago and since that I had Double Bubble Deformity and Capsular Contracture. I went from 300cc high profile silicone implants to 450cc high profile saline implants and I couldn't be happier. I have cleavage that I never had before! I also trusted him to go with the size he knew would fit my body.

Every part of the journey has been amazing. Adriana, who manages the office, was so sweet and helpful. She was always a text message away to answer questions.

I feel amazing and I'm so glad I made the trip out west to have Dr. Linder do my surgery. Best plastic surgeon ever!

Best plastic surgeon there is!! My surgery was August 24th and I am now 9 weeks out. I couldn't be happier with the results. I have a waist, perfect flat belly, and boobs to DIE for :-)

Dr. Linder and his staff were SO helpful and wonderful to deal with, especially Adriana. She answers all questions within minutes! I did all my consultation VIA FaceTime and Dr. Linder KNEW what to do and exactly what I wanted. He is a master of his field.

Dr. Linder, himself, talks to me on a regular basis and his follow up care is second to NONE. This is one of the main reasons I chose Dr. Linder as my surgeon. He has a reputation that precedes him and a following that is amazing.

If my friends ask me for a referral, I wouldn't hesitate to recommend Dr. Linder and his staff.

Also noteworthy, I flew in from halfway across the US to have him do his magic and would do it again! Office was totally and completely accommodating!
